Unimpressed by the official coming of spring at 12:33 a.m. yesterday, the elements continued to combine to give San Bernardino, valley communities and the mountains a taste of winter weather. Intermittent rain fell during the day but netted San Bernardino only .04 of an inch in a 24 hour period, bringing the season total to 10.17 compared with 16.50 for last year at this date.

Reports Gun Theft

Theft from her residence of a .38 nickel-plated revolver yesterday was reported to police by Lena McFarland, 481 South Sierra way. The situation was cooled considerably after B. F. McGlothlen, subdivider, proposed to school officials that they build a pipeline to his pumping plant which would make possible plenty of water for the school at a cost of \$5 a month—considerably cheaper than it could be produced from the school's own well, said Mr. Kimes.

WHOLESALE POLICY

The size and type of lots have been so designed as to give veterans and small business men a chance to purchase. The policy is more along the wholesaling line than retailing. Prowlers early yesterday morning broke into the Hayward Lumber company office building, Second and E streets, and unsuccessfully attempted to smash a large safe, police reported. Nothing of value was removed from the establishment. An eight-pound sledge, taken from a show-case in the office, was used to batter the safe.
