DHS Fireballs vs Nite Hawks Friday Night

Season Near End as Undeclared Teams Meet this Friday

League leading Desert Hot Springs Fireballs hearing the end of a so far undefeated season in Desert League competition Monday night downed another foe for their fourth straight win in a game with the Palm Springs March team by a score of 4-2.

Stellar Pitcher Bill Tichenor threw 3 straight strikeouts in the first three innings, then was relieved by Joe Polak who completed the game.

With the team manager reports, "The next two games will be a few of the best teams in the league—the Desert Nite Hawks, also undefeated in 17 for the last game on the home field in the first two innings, and the last game of this series Wednesday, June 23, the strong 20 Palm Springs team at Palm Springs."

Saturday night, June 18, 8:30 p.m. at Palm Springs. The Long Beach General telephone company will meet the Desert Stars team. The All Stars are hand-picked players from each team in the Desert League. Same-time reports, "The General Telephone company of Long Beach boasts of having the 44 rated players in the nation. So come out and see how our other pitchers compare with the best of the desert Hot Springs players."

Handouts will manage the All Stars Saturday night.

Following are league standings:

DESERT SOFTBALL LEAGUE

Desert Hot Springs	4	0
Desert Nite Hawks	3	1
Desert Stars	2	1
Marines	1	1

Chamber Will Name Group Heads Tonight

Chamber of Commerce is to meet tonight at 7:30 p.m. at the Sentinel. Newly elected Chamber of Commerce President Al Horton says all new directors to attend. Horton will appoint committee members for the coming year, and formulate plans.

Maps have been distributed to the Riverside County Chamber of Commerce and incorporated cities in Riverside County. Maps are being distributed in the DHS Chamber of Commerce office in the Sentinel.

Sheetmetal Man Joins Staff of Morris Company

Kent Morris and his wife Ann have just moved to Desert Hot Springs where Kent will be employed by Robert Morris of Morris Heating and Air Conditioning company.

Kent is a sheetmetal specialist and will handle the sheet metal and air conditioning divisions of Morris Heating and Air Conditioning.

Kent was born in Baldwin Park and working in the experimental department of Roy's Bakery, makers of alfalfa parts at Alhambra. Bob Morris says, "Kent is well qualified in the sheet metal and air conditioning field. He will be with us at our shop in back of El Pueblo market." The Morris are cousins.

The elder Morris further said, "This will be the first sheetmetal man in Desert Hot Springs whose service should be very valuable to the community."

Bob Morris has been manufacturing gas furnaces for 25 years in Los Angeles area where he owned the Deluxe Furnace and Wall Heater company.

READY TO START the trek to Big Bear Lake to promote the new proposed road connecting the high and low desert areas with the Big Bear area, are several topographers with their cars bearing the "Desert Hot Springs" sign. The road now started from Pioneertown on the left. The sign "We Want a Road to Big Bear" is pictured above are Marie Boyd, Peggy and Paul Haddy, Barbara Reiberg, Eleanor Hunt and Lois Hemingway. Also in the caravan from Desert Hot Springs was Sam Benton, Assistant Postmaster.

Pure Larsen - y VILLAGE GROUP JOINS IN TREK TO BIG BEAR

Last week's column on the party carnival at June and local musicians who will participate stated we lacked a trumpet man and a pianist. As a result of the story we picked up Joe Gross, Desert Hot Springs, long time showman, desert musician and entertainer. Joe didn't have a horn at hand, so Chasler of the month, Charles also blows in brass.

We better clarify a statement that we didn't know of a local pianist. Actually we know of several, but none of them with a piano in a home. We have no doubt that Charles McCreo could cut it with a piano in his home. We are very grateful for the rehearsal that appear necessary. There are several other outstanding pianists but all in a classical vein. We're still waiting to hear from anyone who might have missed.

The last "Pure Larsen" was held in the week hours and this probably accounts for the two separate dates in the column last week. Cliff Graben, Graham's Desert Hot Springs, did not play at the Fremont's Ball, but he will play at the Phil Fuller dropped in with some good desert advice this week. He says the fishing hole for those who are able. Pass an afternoon and utilize their facilities. He says Phil was so excited that if you have a sun deck or upper level on your house, make it a real time summer sleeping. He said it should have someone named is dissipated after it rises 100 to 150 feet from the ground and that upper levels are really cool. Upper levels are really comfortable.

Last Tuesday evening we thought Connie Corneil was going to represent Desert Springs in the Miss Universe contest. She was in the contest but did not play at the Fremont's Ball. She was in the contest but did not play at the Fremont's Ball. She was in the contest but did not play at the Fremont's Ball.

Legion, Ladies Seat Officers Monday Evening

Joint installation of newly elected officers of the American Legion Auxiliary and the Legion Post 703 were held Monday with Deputy Chester installed president of the Auxiliary and Harry Gatoche as commander of the Legion Post.

Other officers installed in the Auxiliary were Helen Carlson, first vice-president; Gene Betty, second vice-president; Betty Lubinski, secretary; Pauline Kull, treasurer; Sylvia Hemstead, chaplain; Mable Walker, historian; Lena Fack, sergeant-at-arms; Leah Zover, marshal; Ann Rohrborn, and Mary Rose and Ruth Turner, the executive committee.

Officers installed in the Legion were Jack Turner, first vice-president; Frank Danahel, financial secretary; Calm Yerna, chairman; Dewey Carson, adjutant; and Charles Brickland, judge advocate.

Pauline Kull, retiring Auxiliary, see LEGION Page 4.

ENGINEER REPORTS ON NEW RESERVOIR

Albert Webb, civil engineer, reported on the new water reservoir being built for Realty Company of America on June 1, 2, and 3.

The caravan formed promptly with the trekkers eager to leave the blistering desert area for

THIS LOVELY NEW motel-apartment unit is being built on South Palm Drive for Mr. and Mrs. Floyd R. (Sue and Bud) Reed of Los Angeles by Desert Palm Builders. To be completed about July 15, it includes a 2 bedroom home, 6 units and a modern, heated pool. Desert Palm Builders are now awaiting a move with Realty Company of America to new offices in the former Maber Furniture store at the corner of Palm and Alcoms in downtown Desert Hot Springs.

Post Office Supplies May be Late

Building Completed Excepting For U. S. Government Fixtures

Postmaster Heare Brown noted this week that it is impossible to get the new post office in Palm drive ready for occupancy as much as one month due to delay in the delivery of this equipment.

The postmaster is able to estimate the delivery time from the time of the order because of his experience that the time lapse before reconditioned materials are received.

Equipment of a selected equipment has been made and the U. S. Government is waiting for delivery of the goods. Postmaster Brown received a request from the government for verification of the height of the ceiling of the new building within the last week by this he knew the equipment was not on its way.

CONSULTING WITH A POSTAL INSPECTOR failed to produce an accurate method of furnishing the new quarters temporarily. The Postmaster's opinion is that the building will not arrive in time for the target opening date of July 1.

The building itself is complete on the sign on the front window, fluorescent lighting, built-in doors, and other finishing touches. The building was built by Corbelle and Lammiman for Mr. and Mrs. George Ott who will lease the building to the government on a long-term agreement.

Pres. Stewart Taps Committee for Rotary

Rotary President Roy Stewart has named a committee at a meeting of the Rotary last Thursday, June 9.

The committee members follow: Joe Kowak, attendance; Pauline Kull, secretary; Sylvia Hemstead, chaplain; Mable Walker, historian; Lena Fack, sergeant-at-arms; Leah Zover, marshal; Ann Rohrborn, and Mary Rose and Ruth Turner, the executive committee.

Officers installed in the Legion were Jack Turner, first vice-president; Frank Danahel, financial secretary; Calm Yerna, chairman; Dewey Carson, adjutant; and Charles Brickland, judge advocate.

Pauline Kull, retiring Auxiliary, see LEGION Page 4.

JUNITA GOWLAND MISS UNIVERSE CONTESTANT

Dorsk House Announces Pools Now Open to Public

The Dorsk House, The Orchid of the Desert, announced this week that their exclusive pool facilities will be open to the public for the Summer from 10 a.m. to 10 p.m. daily for both men and women have just been completed. Construction of new Bathing House is now under way. The new pool is available for use of the people on the premises. The Dorsk House, contractor and builder most of Desert Hot Springs, assisted by his wife, who handled the construction of the pool.

The accommodation of the Dorsk House has achieved wide distinction as the only health resort with naturally hot curative mineral water piped into every apartment. Mrs. Dorsk points out there is not hot water heater in the place—the water coming hot through
