(Editor's Note: The author of "Harvey in Hollywood," a weekly feature, is a former Council Grove youth who is now making a name for himself in the movies. His column appears in several west-coast papers. A former employee of The Republican, he has consented to its use in the Ol' Home Town paper as often as space will permit, and the editor believes that it will be of interest to readers to get his point of view of Hollywood.)

Hi Neighbors! Several times we have said here that TV is going to mean a lot of work for the folks of Hollywood. Another proof came into being today in a survey taken in New York City. It showed that, if run of a full schedule, the seven TV stations of Metropolitan New York City could exhibit Hollywood's entire annual output of feature films in one week! We believe that just as radio gave the recording industry the best years of it's production life, so will TV give Hollywood the greatest upsurge of employment ever known. Check with us five years from now so that we can say. . . "We told you so!"

LEO (Pancho)CARRILLO, the Mayor of Yucca Valley, hits the road early in November. He will tour as Master of Ceremonies with the American Legion's "Red, White and Blue" revue. It opens in El Paso, Texas on November 3rd.

FAMILY AFFAIR: Jean, Our Missouri Bride, grabbed off a top role in "Gun Point," the new Jocko Mahoney western that rolls at Pioneertown this week. It's a fast-talking comedy part, and no one knows better than we do just how fast that gal can talk. (P. S. Yours Truly is going along to do his usual cowboy killer.)

LIONELL BARRYMORE turned disc jockey on Halloween and a gun platters over KFAC in Hollywood. By some strange twist, Mr. Barrymore's own composition, "Halloween Suite" was featured.

STAN LAUREL, (of Laurel & Hardy team) is seriously ill of food poisoning at a Paris, France hospital. Also there are money complications that may mean serious trouble for the comic.

Once again Variety's GEORGE E. PHAIR put into rhyme what most of us have been thinking. We thought you'd like it.

"In autumn comes election time, along with politicians who prowl your television set with vital propositions. And when the orators cut loose with problems controversial It is a great relief to hear a gum or soap commercial!"

If your high school was one of the thousands of schools that presented "Aaron Slick of Punkin Crick" as the Senior play, you'll be interested in the fact that Paramount just paid the author $5,000 for the picture rights to it. If it is ever made, you can be sure they'll use another title!

CAREFUL COWBOY! There's a clause in LARRY PARKS' Columbia contract that permits him to ride his motorcycle on cow paths only! Cows, you've been forewarned!

He-man GREGORY PECK collapsed on the set the other day and is now in the hospital for a week. Extreme fatigue is the doctor's way of saying that GREG has been working too hard, too long.

WESLEY TUTTLE, for our money one of the best cowboy recording artists, has just finished a series of TV shorts and you'll soon be seeing them in your parlor.

It shouldn't happen. . . even to a bandit! MAXIE ROSENBLOOM and MAX BAER start their second western (?) in November. It's title tells the story: "Skipalong Rosenbloom Meets Jesse James!"

CECIL B. DeMILLE'S weekly newspaper column hits print for the first time this week. It will appear in 33 papers. Take our tip and read it, if-you really want to know what goes on. . . . IN THE MOVIES!

QUESTIONS AND ANSWERS

Q.—Next time I visit my nephew in a VA hospital I would like to give him several hospital canteen coupon books. Where can I get them?

A.—The coupon books, in denominations of $1.00, may be purchased directly at the hospital canteen. Patients use the coupons, in lieu of money, in making canteen purchases.

Q.—My husband, a World War II veteran, passed away in August, leaving me a $600 commercial life insurance policy which I received in a lump sum. I have no other source of income. May I also obtain death pension payments from VA?

A.—Yes, but not this calendar year. Pensions may not be paid if your annual income exceeds $1,000, if you have no children. Your $600 is considered as income from August through December, and therefore is proportionately greater than $1,000 a year.

A.—As an ex-WAC, am I entitled to VA hospital care for the delivery of a child?

A.—Generally, no. The only condition under which you could be hospitalized by VA for the birth of a child would be if some danger were involved due to a service-connected disability.

There is an unfortunate time in a man's life when he feels too old to be gay and too young to go to bed early.—Atchison Globe.

Answer Next Week

Answer to Last Week's Question: The word "thug" comes from the name of a confederacy of professional murderers who terrorized India for 700 years. They worshipped "Kali Ma," the Hindu goddess of destruction, and assassination was a religious duty. The order was unmasked between 1830 and 1840 and later stamped out.

200,000 freshmen can't be wrong!

We believe that something has happened in 1950 that you should take to heart.

Ever since this year's Buicks were introduced, their big bulge in sales has come from people who traded other makes of cars for this bounteous beauty.

The total is more than 200,000.

That's 200,000 "freshmen" added to the roll call of Buick owners—200,000 people who must have sized up the current version of the cars they owned, and decided that Buick offered more thrill, more comfort, more satisfaction for the money.

Beyond that, of course, there were other hundreds of thousands who already owned a Buick and bought a new one this year. But we're speaking here of *new owners* only.

We can name many reasons for this landslide—including Fireball power—an incomparable ride—and Dynaflow Drive.*

We can remind you that the Buick SPECIAL, SUPER and ROADMASTER just about blanket the range of a car-owner's aspirations—matching prices with many sizes in the lower brackets—matching distinction with the finest in the fine-car field.

We might add that Buick prices are doubly attractive—since their list prices include many features customarily on the "extra" list.

But why try to spell out all the reasons Buick wins in a showdown? The proof of the pudding is in this great car itself. Better come in—look it over—and find out what an unbeatable buy it is.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.
