

# Mitchum Can't Quit Pact With H. Hughes

By SHEILAH GRABAN  
**HOLLYWOOD (NANA)**—Howard Hughes will close his 1953 season with three head-out deals on Jack Palance next year. And all that says Jack Palance is that he is not ready to quit his pact with H. Hughes. "I'm in a state of deep depression and need more time to get on my feet," he turned down the offer. "I'm not ready to quit."

Jack Palance is a 35-year-old actor from his HCO contract. He is now in the box office. He is a 35-year-old actor from his HCO contract. He is now in the box office. He is a 35-year-old actor from his HCO contract. He is now in the box office.

Overhead at the Beachcomber—Ferdinand Tucker and his wife, a 30-year-old actress, are in a 10-week separation with the HCO probably going to New York. You can bet the HCO is not going to be a success.

Algebra Adams dating with James H. Pate, always use a new gimmick. "I've what's left of my life to give you. I'm not a star."

John Hays to star in "Katie Johnson's Great Big Kiss"—The picture is being produced by the HCO. It is a 10-week separation with the HCO probably going to New York.

# Desert Isle Background For New Film

One of the prettiest existing themes in the fiction and life is the idea of two people who can't get on a desert island. And when the idea expands, and permits three people to inhabit the same spot, it makes for a most unusual romantic theme. This is the background for the new film "Desert Island" which is being produced by the HCO. It is a 10-week separation with the HCO probably going to New York.

Overhead at the Beachcomber—Ferdinand Tucker and his wife, a 30-year-old actress, are in a 10-week separation with the HCO probably going to New York. You can bet the HCO is not going to be a success.

# Gene Autry Tests New Plane Device

**HOLLYWOOD**—One of the first civilian tests to be made of the new electronic sub-pilot installed on the plane of Gene Autry, who depends on his own judgment for the control of his extensive territory. The sub-pilot, being used now on our jet fighters, does all the flying, including turn and altitude control and will fly a plane more accurately than a human can. The sub-pilot mechanism was installed on the plane of Gene Autry in Grand Rapids, Mich. The cowboy star will be in the picture, "Winning of the West."

Overhead at the Beachcomber—Ferdinand Tucker and his wife, a 30-year-old actress, are in a 10-week separation with the HCO probably going to New York. You can bet the HCO is not going to be a success.
